

Stage 2 Drought Conditions - Moderate September 9 and September 10, 2024

**Bell-Milam-Falls WSC
P.O. Box 150
Cameron, Texas
254-697-4016
www.bellmilamfallswsc.com**

9.4.24

The customers of the Corporation AFFECTED are: North of the Little River to include the Academy, Rogers, Buckholts, New Colony, Wilson, Westphalia, Travis, Lott, Rosebud, and Baileyville areas.

Our supplier, Central Texas Water Supply Corporation is initiating **Stage 2 Moderate Conditions - Water Rationing** due to repairs on System Split pump. During repair, flow and capacity may be affected. Chlorine and pressure may be lower. Begin water reductions of *no outside watering except for livestock and pets*. Customers are asked to restrict/ration water usage.

Stage 2 will be rescinded when repairs are complete, and system is back to normal.

Let us know if you have any questions.

Thank you for your cooperation,

Robert Jekel
